The University of Manchester

Submission Guidelines for Special Events

The Programme Stream Coordinators will consider submissions for special events.

The organiser of the session should complete the special event abstract submission form on the [BSA website](#). Once logged in and on the Abstract Submission Form page select 'Special Event' as your presentation mode from the dropdown box.

The first submission for the Special Event (Abstract Submission 1) should be the overview abstract of the special event explaining the content and format of the session. You can then click to 'Add another Abstract Submission' in order to add more abstracts that are part of your special event.

The session organiser should ensure that all participants in the session are fully aware that they will need to register to attend the conference. All correspondence will go to the submitter/session organiser only.
